 - e. Probationer's self-evaluation.
 - f. Committee's summary of student evaluation comments.

Section F. Board Decisions Regarding Tenure

1. Upon receiving the various recommendations regarding the award or non-award of tenure; or the renewal or non-renewal of a contract of the evaluated probationers, the Board shall examine the records of the probationer(s) so referred to them and give reasonable consideration to the recommendation of the tenure review committee as to the award or non-award of tenure, renewal or the non-renewal of a contract, or extension of the probationary period to said probationer or probationers.
2. Following the Board's review of the evaluation reports, the District President shall advise the committee and the probationer in writing of any other concerns which the Board or the District President might have which could result in the probationer not being granted tenure or the probationary period being extended (see E.3). Said response shall be made no later than two weeks after the Board's review and shall not in any way affect the Board's right to deny tenure with or without sufficient cause, pursuant to RCW 28B.50.850 through 28B.50.869.
3. All Board decisions and notification to the probationer regarding non-renewal of a probationer's faculty appointment shall be accomplished prior to the probationer's third or sixth consecutive probationary quarter as applicable. All Board decisions and notification to the probationer regarding the award or non-award of tenure to probationers shall be accomplished prior to the probationer's ninth consecutive probationary quarter. This notification must be delivered in writing to the probationer.
4. The probationer's period may be extended pursuant to RCW 28B.50.852.
5. The final decision to award or withhold tenure, or to continue probationary status for faculty, shall rest with the Board. The Board will consider the recommendation of the tenure review committee, the Vice President of Instruction, and the District President.
6. The probationer or the committee may appeal the decision of the Board to the Board.
7. The probationer may have other rights subject to Chapter 28B.50, RCW.
8. As a general practice, the Board shall not grant tenure prior to the end of the sixth consecutive probationary quarter.
9. After the Board's decision has been accepted, all evaluation information shall be destroyed. In the event an appeal or a grievance has been filed, all evaluation information shall be retained until the appeal or grievance has been settled. All such information shall then be destroyed.

Section G. Adherence to the Tenure Timeline

Failure to follow the specific timelines as outlined in this article can be grieved; however, the findings, conclusions, recommendations, and decisions by the Vice President of Instruction, District President, and Board of Trustees cannot be grieved.

ARTICLE 10. DISCIPLINE AND DUE PROCESS

Section A. Informal Procedure

WVC recognizes the general professionalism of all employees. At times, employees may require focused dialogue, coaching, letters of expectation, or other interventions that reinforce, redirect, clarify or support professional behavior without being punitive. The Association and administration recognize such actions as typical and appropriate prior to entering into formal discipline.

Letters of expectation are not considered a step in the progressive discipline procedure and will not be placed in the employee's personnel file.

Section B. Disciplinary Procedures

Discipline is an administrative response to unprofessional conduct, failure to meet professional responsibilities or continued documented unsatisfactory performance. Unless the behavior or instance is unlawful, unsafe, or results in the inability to perform one's professional duties, the following steps will be followed:

1. When the Employer receives a formal complaint against a faculty member that may result in disciplinary action, the appropriate administrator will notify the faculty member and the AHE President within 10 contract days of receipt. Receipt of a complaint alone does not constitute a determination that an investigation is warranted.
2. Within 10 contract days of determining that a formal complaint or discovered employee conduct requires investigation by law or otherwise meets the standard for initiating an investigation under this Article, the employee and the AHE President will be notified in writing by the Human Resources Administrator or their designee including an explanation of the nature of the complaint and sufficient information to allow the employee to understand the conduct at issue, including the general time frame of the alleged conduct.

The Employer may initiate an investigation only when it has specific, articulable facts and information that, if true, could reasonably constitute misconduct. Investigations shall not be initiated based solely on rumor, speculation, or uncorroborated anonymous information.

3. At the discretion of the Human Resources Administrator, the investigation may be conducted by a WVC administrator or an independent third party. If the complaint originates from the employee's supervisor, the Human Resources Administrator will assign the investigation to an alternate administrator or an independent third party. The employee shall have the right to have an AHE representative present in any investigatory meeting. When a request for such representation is made, no further action shall be taken until the representative is present. Such meeting shall occur within 10 contract days of the request for representation. Exceptions to the 10 contract day timeline are subject to mutual written agreement by the employee, AHE and appropriate administrator.

Investigations shall be prompt.

4. Within 10 contract days of the completion of the investigation, the employee and the AHE President will be notified of its completion and provided a copy of the findings, the investigation report, and any supporting documents. Within 10 contract days of notification, and prior to imposition of any disciplinary action, the parties will meet. In all cases, the employee will be provided with the documents listed above at least two contract days prior to the meeting between the parties. The employee shall have the right to have an AHE representative present at the meeting. The administrator will explain the findings and state the possible disciplinary action, if any. The employee will have the opportunity to respond to the findings, the investigation report, the supporting documents and any proposed disciplinary action. Exceptions to the 10 contract day timelines are subject to mutual written agreement by the employee, AHE and appropriate administrator.

5. Within 10 contract days of the conclusion of the meeting, the administrator will determine the level of discipline to be imposed, if any, and inform the employee and the AHE President in writing. The documentation will be signed by the employee, indicating only receipt, and placed in the employee's personnel file. The 10 contract day timeline may be extended if additional investigation is needed prior to making a decision about the imposition of disciplinary action.

The initiation of an investigation shall not, in itself, be considered evidence of misconduct and shall not be referenced as such in evaluation or disciplinary records absent sustained findings.

6. If disciplinary action is taken, the administrator will inform the employee of his/her right to submit a written rebuttal to be included in the personnel file along with the documentation of discipline. The rebuttal must be submitted within 20 contract days of receiving the documentation of discipline.

Section C. Disciplinary Actions.

Entry into the disciplinary procedure does not automatically lead to discipline. After investigation and discussion, the process may conclude without any further action, or the issue may be referred back to a non-disciplinary solution. Disciplinary action shall be imposed only for sufficient cause. The Employer agrees to follow a policy of progressive discipline which includes the steps as outlined below. Any disciplinary action taken against a faculty member shall be appropriate to the behavior that precipitated such action.

Levels of Imposed Progressive Disciplinary Action:

1. Verbal Warning with Written Acknowledgement (Level 1): The appropriate administrator will apply Level 1 discipline to the faculty member. A record of this discipline action will be signed and dated by both the faculty member and the appropriate administrator. The employee has the right to file a rebuttal to be included in the personnel file along with the discipline documentation and the written findings. Level 1 discipline represents introductory written disciplinary action to ensure faculty awareness of a policy or procedure violation.
2. Written Warning (Level 2): The appropriate administrator will apply Level 2 discipline to the faculty member. A record of this discipline action will be signed and dated by both the faculty member and administrator. The employee has the right to file a rebuttal to be included in the personnel file along with the discipline documentation and the written findings. Level 2 discipline represents a pattern of disciplinary action written subsequent to a Level 1 action or a violation more serious in nature.
3. Suspension Without Pay (Level 3): The appropriate administrator will apply Level 3 discipline to the faculty member. A record of this discipline action will be signed and dated by both the faculty member and appropriate administrator. This record will clearly state the length of time the faculty member is suspended without pay. The employee has the right to file a rebuttal to be included in the personnel file along with the discipline documentation and the written findings.
4. Termination (Level 4): Dismissal of tenured faculty members for sufficient cause will follow the procedure as established in RCW 28B.50.869 and outlined in Appendix B.

Section D. Employee Rights

1. The employee has a right to a fair and impartial investigation.
2. Right to Representation: Any faculty member shall have the right to have an AHE representative present at any investigatory meeting, any meeting or conference when being disciplined, or at any meeting or conference which, the employee believes, might reasonably lead to disciplinary action. When a request for such representation is made, no action shall be taken with respect to the faculty member until such representation is present. Such a

meeting shall occur within 10 contract days of a request for representation. If the requested representative is not reasonably available, the employee will select another representative who is available. Exceptions to the 10 contract day provision are subject to mutual written agreement by the faculty member, AHE and the appropriate administrator.

3. Refutation: In all cases, the employee has the right to refute findings from the investigation in a meeting/hearing prior to the imposition of discipline. The employee has the right to a Loudermill hearing for any action above a written warning.
4. Rebuttal: If the Employer imposes discipline, then the employee has the right to write a rebuttal which will be placed in the employee's personnel file along with any other related documentation.
5. Privacy/Confidentiality: The faculty member has the right to confidentiality during this entire process. This confidentiality does not extend to conversation(s) between college administrators. All discipline will be handled in consultation with the Human Resources Administrator and will be kept confidential unless disclosable under the public records act.
6. A tenured faculty member shall not be dismissed except for sufficient cause.
7. A faculty member who holds a probationary appointment shall not be dismissed prior to the written terms of the appointment except for sufficient cause.

Section E. Employer Rights and Responsibilities

1. Due Process: When the Employer receives a complaint against a faculty member that may result in disciplinary action, the appropriate administrator will notify the faculty member and the AHE President within 10 contract days of receipt or discovery.
2. Informal Resolution: In some cases, a resolution can be reached without administering formal discipline. When necessary, as determined by the appropriate administrator, the administrator will work with the faculty member to reach a resolution through corrective measures such as training or other forms of corrective action. The issue, corrective measures (if applicable) and resolution will be documented, noted as informal and placed in the administrator's working file. Any informal resolution reached that was not documented and filed cannot be used as part of a future disciplinary action.
3. Right to Conduct an Investigation: The Employer reserves the right to conduct an investigation into any complaint or any alleged violation of this Agreement or any alleged violation of any Employer policies and procedures, any alleged violation of any Employer's rules, regulations, and administrative policies, and/or any alleged violation of state and federal law and/or any alleged violation of professional ethics requirements. All faculty members are required to cooperate with the Employer's investigation.
4. Investigation Process: The Employer has the right to determine the method of conducting investigations. An investigation may be conducted by an administrator or independent third-party, as determined appropriate by the Human Resources Administrator. The Employer and Association agree to cooperate to ensure the timely resolution of investigations of faculty member alleged misconduct. The faculty member against whom the complaint has been issued shall not contact the complainants.
5. Investigative Findings: The final investigation report will be made available to the faculty member and the Association within 10 days of the completion of the investigation.
6. The Administration must establish sufficient cause before imposing discipline.
7. Administrative Leave: When determined appropriate by the Employer and Human Resources Administrator, a faculty member may be placed on administrative leave with pay, pending the outcome of the investigation and/or imposition of discipline. A faculty member placed on administrative leave will not be prohibited from contacting an association representative.

Section F: Criteria for Discipline

1. **Sufficient Cause:** No faculty member shall be disciplined and/or otherwise adversely affected through discipline without sufficient cause. This subsection shall not apply to decisions regarding renewal or non-renewal of probationers or decisions regarding supplemental contracts or stipends. The burden of proof that sufficient cause for discipline exists rests with the District.

If any of the actions listed below are proven, then administration will have sufficient cause for discipline. There may be additional actions that are not specifically listed below that could result in discipline:

- a. Misconduct.
- b. Insubordination.
- c. Sexual and/or any other type of harassment and/or bullying.
- d. Violations and/or misconduct that have been addressed in arbitration decisions, administrative proceedings and/or in legal proceedings.
- e. Continually failing to fulfill contractual responsibilities.
- f. Unethical or unprofessional behavior/conduct.
- g. Continued unsatisfactory performance.
- h. Criminal conduct, gross misconduct.
- i. Violation of lawful directives or established board policies or college procedures.
- j. Failure to comply with adopted and published safety and/or security rules, standards or measures.

Section G: Types of Complaints

1. **Formal Complaint:** A formal complaint made against a faculty member must be reduced to writing and signed by the complainant. Email submission will be considered as signed. The complaint will be called to the attention of the faculty member and AHE within 10 contract days of the complaint being submitted to the Employer. When the Human Resources Administrator reviews the complaint and determines whether an investigation is warranted, written notice of the determination will be provided to the faculty member within 10 contract days of the decision. Nothing herein is intended to limit or supersede the Employer's obligations under state and federal law.
2. **Non-disclosed Complainant:** Non-disclosed complaints are defined as those in which the identity of the complainant is known to the Employer but not disclosed to the faculty member. Non-disclosed complaints may be used, as a basis for an investigation, when it is determined by the Employer that sufficient facts and information exist to warrant such investigation. The Employer will provide notice to the faculty member that a non-disclosed complaint was received without revealing the complainant or information that would reasonably lead to identification of the complainant. If disciplinary action is taken, or any related documentation is added to the faculty member's personnel file as a result of the investigation, the identity of the complainant must be disclosed to the faculty member, unless prohibited by law.

ARTICLE 11. REDUCTION IN FORCE (RIF)

Section A. Purpose

The following shall be the procedure by which faculty members may be laid off, pursuant to a RIF.

Section B. Sufficient Cause

1. Sufficient cause for Reduction-In-Force (RIF) shall mean either of the following:
2. Local RIF: Elimination or reduction of financing, or elimination or reduction of program(s), or
3. State RIF: SBCTC declaration of financial emergency pursuant to law, under the following conditions:
4. Reduction of allotments by the Governor pursuant to RCW 43.88.110(2), or
5. Reduction by the legislature from one biennium to the next or within a biennium of the appropriated funds based on constant dollars using the implicit price inflator.
6. In the case of a reduction in force initiated pursuant to a declaration of financial emergency by the SBCTC pursuant to RCW 28B.50.873, such reduction in force shall be accomplished in accordance with the procedures set forth in RCW 28B.50.873 in which the District shall be treated as one reduction in force unit.

Section C. RIF Units

1. Establishment: The following RIF units are hereby established:
 - a. Wenatchee campus.
 - b. Omak campus.
2. Assignment:
 - a. Faculty members shall be assigned to one and only one RIF unit by the District President after consultation with the appropriate administrator.
 - b. The assignment is to be based on the majority of the full-time academic assignment for the previous three instructional quarters.
 - c. New employees will be assigned to a RIF unit by the end of their first quarter of employment.
3. Notification: RIF units shall be established and a RIF unit list distributed to faculty on or before November 1 of each year. Any dispute(s) regarding RIF unit assignment shall be reviewed with the District President. Any dispute(s) not resolved with the District President within 15 days shall be consolidated by the AHE President and submitted to AAA (American Arbitration Association) expedited arbitration, pursuant to AAA's expedited arbitration rules.

Section D. Implementation of RIF

1. Establishment and Role of the Budget and Program Review Task Force: If the District President determines that RIFs are probable or other budgetary issues arise, he/she shall give notice to the AHE President as soon as possible but no later than June 15. The AHE President and the District President shall then convene a budget and program review task force for the purpose of providing a continuous flow of information concerning the budget and program review to all interested Parties, and for the purpose of monitoring the possibility of the elimination or reduction of financing of programs in the District. The task force shall consist of the District chief financial officer (chair), two administrators appointed by the District President, and three ARs selected by the Association. The task force shall meet at the call of the chair. Findings and/or recommendations of the task force shall be made to the District President and the AHE President. The District President shall provide for use in these discussions and consultations the following information:

- a. Enrollment and budget data for the preceding three years, by divisions and departments.
 - b. The number and duties of each faculty member in each RIF unit, and enrollment projections, if possible.
 - c. Lists of forthcoming faculty vacancies due to retirement, resignation, or leave.
 - d. Lists of special faculty appointments.
 - e. Lists of temporary faculty appointments. Tenured and probationary faculty must be given priority for these appointments.
 - f. A detailed report on the financial affairs of the District.
 - g. A brief written statement of reasons in support of the need for reduction in force.
2. Responsibility for Determination of RIF: The final determination for the need for a RIF of a faculty member shall be made by the District President. The District President will, as soon as possible, but no later than June 15 of the current year, notify any tenured faculty member(s) who are to be laid off.
 3. If any faculty members are to be RIFed, the District President shall determine in the case of each RIF unit what course offerings, programs and/or other services are to be retained. In making such determination, the District President shall consider the following factors:
 - a. All offerings in each affected unit and the need for the offerings to meet degree and transfer requirement.
 - b. The goals and objectives of the District.
 - c. Information concerning faculty vacancies occurring due to retirement, resignation, sabbatical and leave of absence.
 - d. The enrollment and trends in enrollment and their effect upon each unit.
 - e. Appropriate reductions of part-time faculty and classified and administrative personnel.
 4. Order of RIF: Once the District President determines the number of faculty members to be RIFed in each unit, he/she shall consider making special and temporary faculty appointments available to qualified tenured or probationary faculty facing RIF. After considering these options the District President shall utilize the following order of reduction within each RIF unit:
 - a. Full-time probationary employees in order of least seniority.
 - b. Full-time tenured employees in order of least seniority.

This order of implementation may be interrupted in the event that:

- a. Strict adherence to it would result in no qualified faculty member being available to fully perform the remaining duties, and/or
- b. Strict adherence to it would result in a conflict with state laws. The Parties mutually agree to use their best efforts to ensure that any RIF will not be in conflict with the District's affirmative action plan.

Section E. Procedure

In the event the District President or Board determines a RIF is necessary, the provisions of Appendix B shall apply, consistent with the following:

1. Conflict of Interest Bar: If any member of the dismissal review committee is potentially affected by the recommendation to be submitted, an alternate member shall be utilized.
2. Written Statement: The statement required by Appendix B, Section A shall clearly indicate the following:

- a. The separation is not due to the job performance of the faculty member and is without prejudice to such employee.
 - b. The basis for the RIF as one or both of the conditions set forth in Section B of this Article.
 - c. The effective date of separation from service.
3. Hearing Officer: At the time of a faculty member's request for formal hearing, said employee may ask for participation in the selection of the hearing officer, as provided by RCW 28B.50.873.
4. Hearing Timeline: The formal hearing shall be concluded by the hearing officer within 60 days after written notice of the RIF has been issued to the affected faculty members.
5. Collective Hearing Required: In the event there is more than one RIFed faculty member requesting a hearing, such faculty members must act collectively in making such request.
6. Hearing Costs: The costs incurred for the services and expenses of a hearing officer shall be shared equally by the District and the Association or faculty member(s) requesting the hearing.
7. Consolidation: The hearing officer shall consolidate individual RIF hearings into a single hearing. The only issue to be determined shall be whether the particular faculty member(s) RIFed is/are the proper one(s) to be RIFed.
8. Failure to Respond: Failure to request a hearing within 10 calendar days after issuance of the notice shall cause separation from service on the effective date stated in the notice, regardless of the duration of any individual contract.
9. Response Time: The responsibilities of the hearing officer shall be completed within 10 days of the conclusion of the formal hearing. The response of the dismissal review committee shall be completed within one week of receiving the hearing officer's report.
10. Depending upon legislation, the District shall make every effort to have all layoffs take effect no sooner than the end of the academic year. Before laying off a faculty member, the District President will attempt to place that member in another suitable position within the District.

Section F. Seniority

1. Establishment: Seniority for the purpose of RIF shall apply to probationary and tenured faculty positions and shall be determined by establishing the date of the signing of the first full-time contract for the most recent period of continuous (which shall include leaves of absence) full-time professional employment for the District. Leave without pay will not be considered a break in service, however, seniority will not accrue during such leave. The longest terms of employment as thus established shall be considered the highest level of seniority.
2. Seniority Ties: In instances where two or more faculty members have the same signing date, seniority shall be determined in the following order:
 - a. First date of the signature on a letter of intent to accept employment, then
 - b. First date of application for employment.
3. Administrative Positions: In the case of a faculty member moving to an administrative position in the District, seniority shall remain at the same level as when the faculty member moved to the administrative position. If the same employee returns from administration to full-time academic assignment, seniority shall continue from the level the employee had reached when he/she moved to the administrative position.

Section G. Recall Rights

Faculty members who have been RIFed shall have the right to be recalled consistent with the provisions specified below:

1. Recall lists: Recall list(s) shall be created and maintained by the District for each affected RIF unit. The names of each affected faculty member shall be placed on the appropriate RIF unit list according to seniority.
2. Recall order: Recall shall be in reverse order of RIF by RIF unit to a faculty position, either newly created or a vacant full-time position.
3. Duration: The right of recall shall extend two full years after the effective date of RIF.
4. Address: Each RIFed faculty member shall keep the District human resources office informed of any change of address.
5. New Hire Bar: New hires shall not be employed to full-time vacancies unless there are no qualified faculty members on the applicable RIF unit recall list to accept the vacancies.
6. Response Time: RIFed faculty members shall have 15 calendar days to respond following the actual receipt of written notice of an offer of recall to a full-time position. If the individual fails to respond, his/her recall rights shall be waived.
7. Additional Certification: Any RIFed faculty member who obtains additional certification, qualifications, or retraining while on a recall list shall be entitled to update his/her records with the District human resources office. A faculty member on a recall list may request a change of his/her designation or RIF unit during the first week of October of each year.
8. First Right of Refusal:
 - a. A faculty member on a recall list shall have the first right of refusal to any part-time assignments in his RIF unit. Failure to accept such assignment shall not alter recall rights to full-time vacancies otherwise established.
 - b. Nothing herein shall require the District to consolidate part-time positions into a full-time position.
 - c. In the instances where a full-time faculty member is on recall status, the number of part-time assignments, if any, made in the applicable RIF unit shall not be increased over the number in existence at the time of RIF to more than the equivalent of two-thirds of a full-time load.
9. Retention of Benefits: Upon recall, faculty members shall retain all benefits such as sick leave, tenure, retirement and seniority which had been accrued prior to the date of RIF. Employees who have been laid off due to RIF will be eligible to continue participation in insurance programs as provided for under Washington state and federal laws.
10. Notice of Employment Offers: The District shall notify the Association, in writing, of all employment offers made to faculty on recall and the final outcome of such offers.

Section H. Hearing Opt-Out

A faculty member notified of RIF, who is then RIFed, who chooses not to have a formal hearing as defined herein, shall be guaranteed 50 contract days or pay in lieu thereof commencing at the day notification was received from the District President.

Section I. Letter of Recommendation

Upon the request of any RIFed faculty member, the District President shall write a letter on behalf of such faculty member stating the reasons for the RIF, the qualifications of the RIFed faculty member, and any other pertinent information which may be of assistance in securing another employment position.

ARTICLE 12. GRIEVANCE

Preamble: This Article is intended to provide procedures to resolve issues pertaining to alleged violations of the terms of this CBA. The District human resource office policies and procedures cover all other items not addressed by this document. With respect to this Article, the term “day” shall mean any day on the academic calendar, including summer quarter. Days that fall between quarters are excluded. Grievance timelines may be extended by mutual agreement.

Faculty are encouraged to discuss issues with the appropriate administrator who is alleged to have violated the contract in an attempt to resolve the issue prior to entering into the formal grievance process. Faculty shall inform the AHE president of the issue, the meeting and the outcome. A reasonable effort by both Parties to resolve a potential grievance during a discussion prior to the formal grievance process is referred to as an “Informal Grievance Step 0.”

Section A. Association Rights

1. A potential violation of this Agreement may be grieved by the Association.
2. The Association has the right to have a representative present at each step of a grievance and a right to official communications between employee and Employer regarding the grievance.

Section B. Individual Rights

1. A potential violation of this Agreement may be grieved by an individual through Step 1.
2. The grievant has the right to a representative throughout the grievance process.
3. The grievant must follow the grievance procedure as established in this Article.

Section C. Procedure

1. Settlements: Settlements reached at any step will be put in writing within 20 days. Copies of the settlement will be forwarded to all Parties (see list below).
2. All Parties shall mean grievant, AHE President, AHE Grievance Chair, Human Resources Administrator, District President and all administrators involved in the process.
3. Human resources will provide information about the grievance to all Parties, will keep track of the timelines, facilitate the scheduling of meetings at each step and any follow-up meetings, and provide official documentation to all Parties including official communications.
4. If the grievance has not been timely filed or timely appealed, the Human Resources Administrator has the right deny the grievance on the basis of missing the timelines. If the grievant fails to timely file or appeal according to the timelines set out herein, the grievance shall not be further pursued and will be resolved according to the last formal response. In the event the District or its agents fail to meet a timeline, the grievant may proceed to the next step of the procedure if appropriate. The specified timelines shall be strictly observed but may be extended by mutual concurrence of the Parties. This extension of the timelines must be reduced to writing and signed by both Parties.
5. If there is a disagreement as to when a grievant “knew or reasonably should have known” and the Administration denies the grievance because of untimely filing, the Association has the right to pursue the grievance up to and including arbitration.
6. Extension of a Timeline: Any extension of a timeline must be put in writing and signed by both the grievant and the administrator at the time of agreement and filed with human resources. The extension agreement must contain a specific date for compliance.

Section D. Grievance Steps

Faculty members are encouraged to attempt to resolve issues through informal discussion with the appropriate administrator prior to filing a formal grievance at Step 1. A reasonable effort shall be made by both parties to resolve the grievance at an "Informal Resolution Step 0."

1. Formal Grievance Step 1:

- a. If no settlement is reached through informal discussion between the grievant and the appropriate administrator who allegedly violated the contract, the grievant has up to 30 days from the time when the grievant knew or reasonably should have known about a potential violation of this agreement to start the formal grievance process.
- b. Grievant must file a grievance form with human resources. The grievance form may be found in the Appendices of this CBA. The grievance form must be clear about what sections of the Agreement have been violated, how they have been violated and the facts supporting those alleged violations.
- c. Grievance processing timeline will start the day following the day human resources receives the grievance via email or hard copy during normal business hours.
- d. The Administration will assign the appropriate administrator to address the grievance. This assignment will be made no later than 20 days from the start of step 1.
- e. The appropriate administrator will schedule a meeting with the grievant no later than 20 days after the notification from human resources.
- f. If the appropriate administrator is unclear about the grievance, they have the right to request more details within 10 days of being assigned the grievance. The timeline for settlement shall remain 20 days unless the Parties file an extension of the timeline with human resources.
- g. Should no mutual settlement be reached, the appropriate administrator shall answer the grievance in writing within 20 days of the step 1 meeting. Human resources will provide all Parties a copy of the response.

2. Formal Grievance Step 2:

If no settlement is reached at step 1, the Association may appeal the grievance to the District President. The Association must inform human resources within 20 days after the receipt of the step 1 appropriate administrator's denial that the grievance is being moved to step 2. It is the sole option of the Association to submit any employee grievance to step 2.

- a. Step 2 timeline will begin the day after the Association files the appeal with human resources via email or hard copy.
- b. The District President will conduct a meeting with the grievant no later than 20 days after the start of step 2. Should no mutual settlement be reached, the District President, or designee shall answer the grievance in writing within 20 days of the step 2 meeting. Human resources will provide all Parties a copy of this answer.

3. Formal Grievance Step 3:

For a grievance to move to mediation, both the District and the Association must mutually agree to mediation.

If no settlement is reached at step 2 or a decision is issued by the District President, the Parties may, within 20 days after receipt of the step 2 answer, request mediation.

- a. Once the District President receives a written request for mediation from the Association, the District President shall respond to the Association no later than 20 days after receipt of the Association's written request stating whether he/she agrees to move the grievance to mediation.

- b. Within 20 days following the agreement of the Parties to mediate the grievance, the Parties shall mutually notify the Public Employment Relations Commission (PERC) or its legal successor for mediation matters. Mediation conferences shall take place at a mutually convenient location and time.
 - c. There shall be one representative of each of the Parties designated as spokesperson for that Party at the mediation conference.
 - d. The mediator shall have the authority to meet together with the Parties or separately with either Party but shall not have the authority to compel the settlement of a grievance.
 - e. The presentation of issues shall be limited to those presented at step 2 of the grievance procedure. Proceedings before the mediator shall be informal in nature. There shall be no formal evidence rules. No transcript and no recording of the mediation conference shall be made. The parties may maintain their own notes for internal use; however, such notes are not an official record and will not be used as evidence, except as needed to enforce a written settlement agreement resulting from the mediation.
 - f. Written material presented to the mediator shall be returned to the Party presenting that material at the end of the mediation conference, except that the mediator may retain one copy of the written grievance to be used solely for the purpose of statistical analysis. Mediation is a forum for settlement. As such, none of the Parties' settlement statements and materials addressed during mediation are admissible in Arbitration.
 - g. The following rules shall apply:
 - i. Written notification of the intent to mediate a grievance shall be made to the Public Employment Relations Commission. (PERC) or its legal successor for mediation matters.
 - ii. The mediation process may be terminated at any time by either Party.
4. Formal Grievance Step 4 - Arbitration:
- If no settlement is reached in step 2, or step 3 or if step 3 is not utilized, the Association may submit the grievance to arbitration within 20 days. It is the sole option of the Association to submit any employee grievance to arbitration.
- An arbitration award shall not include any monetary award covering timeframes for extensions as well as non-contractual workdays such as spring break, summer break, or winter break. However, if the grievance occurred during a non-contractual workday such as during summer break, then the arbitration award can cover the timeframe actually worked and affected by the grievance. The Parties shall pay their own attorney's fees, witness fees, costs, expenses, etc. If one Party or the other requests a court reporter and transcript, then the requesting Party pays for the transcript, but if the other Party requests a copy of the transcript, they will pay the cost of their transcript, and the expense of the copy of the transcript for the arbitrator will be split by the Parties.
- f. All documents, communications, and records dealing with grievances and their adjustment shall be filed separately from the grievant and administrator personnel files, and upon expiration of the statute of limitations for the initiation of any further legal action, and in accordance with State Government General Records Retention Schedule as published by the Washington Secretary of the State, shall be destroyed, with the exception of the recorded formal grievance and final adjustment thereof.

- a. Relevant experience includes work performed in the field at any point in the faculty member's career, provided it is directly applicable to or substantially related to the assigned teaching area.
2. Maximum: Normally, any combination of education and experience shall not exceed placement at step 7. Exceptions may be made only with the approval of the Association President and the District President.

Section C. Advancement on Full-Time Salary Schedule

2. Turnover and Salary Savings (TSS): The college shall use turnover and salary savings from the prior year to maximally fund equal annual TSS allotments for each fulltime faculty member . These allotments shall be a minimum of \$500 per year, and shall not exceed \$2000 per year, to be applied to the salary schedule. The college may use state or local money to fund allotments for full-time faculty.
3. Return from Administrative Position: A faculty member returning from an administrative position will be placed at the salary step he/she would be on if he/she had remained as a faculty member and received an annual increment.
4. The salary committee of the AHE and a District representative(s) shall collaboratively calculate and apply all necessary elements of the salary schedule.
5. Salaries of faculty on full-time non-tenure assignments that extend beyond one year will be advanced consistent with tenured/tenure-track faculty.

 - iii. Third post-tenure review completion: Senior Professor
 - c. Faculty that complete additional post-tenure reviews will receive a promotion equal to the value of one step on the faculty salary schedule. Each post-tenure review occurs five years after the previous post-tenure review.
7. When a faculty member has not received an annual increment in each year of the tenure process, and they are currently at a step below step 7, their placement will be adjusted up to account for their three years of experience immediately prior to receiving their tenure promotion.

Section D. Extended, Full-Time Overload and Part-Time Salary Schedule

1. Extended Pay Rate: Unless specifically stipulated elsewhere in this agreement, faculty with extended contracts shall be paid for their time at the rate of one one-hundred and seventy-fifth (1/175th) of their individual base salary per day of extension.
2. Part-time and full-time overload rate: Part-time faculty and full-time faculty overload assignments shall be paid in accordance with the following:

	Prorated from FT faculty schedule
Part-time faculty/Full-time faculty overload	77% of step 4

Per Quarter FTEF Equivalencies

This section will be reopened annually for the purpose of determining changes to part-time compensation when such funding is available from the State Board for Community and Technical Colleges.

3. Credit Classes: Part-time and overload assignments will be paid at a percent of the quarterly base salary based on the FTEF (Full Time Equivalent Faculty) of the class and the pay type. Salary for part-time faculty teaching only a portion of a class will be determined by computing the FTEF based on the portion of the class taught and the mode of instruction for the class. Salary for faculty called on as long-time substitute (5 or more days) will be determined by computing the FTEF based on the portion of the class taught and the mode of instruction for the class paid on the faculty member's daily rate.
4. Any faculty teaching a non-credit course on a schedule that coincides with the regular quarterly calendar of the college (with an average 50 days of instruction per quarter) will receive a salary based on the full part-time salary stated in the faculty contract computed with five decimal places. ABE/ESL faculty will not be paid at rates lower than other part time faculty at WVC. All faculty members including ABE/ESL faculty teaching on a part- time or overload contract shall be paid in accordance with the salary schedule stated in the contract.
 - a. Each contact hour per week designated lecture mode will equate to 1 credit (e.g., five hours per week = 5 credits).
 - b. Each contact hour per week designated lecture/lab mode will equate to 0.8 credits (60% - 40% mix).
 - c. Each contact hour per week designated lab will equate to 0.5 credits.

Contracts for time periods which deviate from the average 50-teaching-day quarter by more than two days, excluding summer quarter, will then be pro-rated in accordance with the equivalents listed above in such a manner that the contact-hourly rate computed for comparison purposes is consistent with the rate per credit hour calculated by dividing the salary listed in the contract by 150 hours.

5. Full-time faculty overload assignments will be paid in accordance with Section D.2.

Section E. Community Education/Professional Development/Senior Citizen Courses

The rate for these courses shall be set at the going rate at a minimum of \$25 per contact hour. Deviations from the \$25 rate shall be reported to the Association President. If a faculty member is already being paid at the full-time or part-time rate for these courses, the faculty member will not receive additional compensation for having students enrolled as community education/professional

development/senior citizen students unless the number of students makes the faculty member eligible for the large class size stipend outlined in Section N.

Section F. Auxiliary Rate

The auxiliary rate shall be \$50 per hour. This rate shall be used as specified in this Agreement: for part-time faculty performing professional level non-teaching duties (except department chair duties), and for full-time faculty performing additional professional level non-teaching duties above and beyond the contracted workload, as assigned by the supervisor.

Directed study status will not be used in order to underpay a faculty teaching a course scheduled on the annual schedule.

2. Faculty will get a minimum of 1/5 of the part-time/full-time overload rate even if all students subsequently drop the course.

6. Department chairs/program coordinators will receive an annual stipend normally paid quarterly over 3 quarters. If summer work is required for department chairs/program coordinators, it will be paid at the auxiliary rate unless four quarterly stipends are given. Calculation of the amount of 1 unit of stipend is based on Step 4 of the full-time faculty salary schedule divided by 45. As outlined in Appendix G, stipends are provided on the basis of scope and complexity of the program pathways, number of full-time and part-time faculty, presence or absence of exempt directors, specialized accreditation, local advisory committees and other factors.

1. In the above salary schedule:
 - a. The AY27 Base Salaries are calculated using the Initial Base salaries plus a 2.6% IPD increase. The AY27 Full Salaries include the \$4000 High Demand amount and the agreed upon Turnover and Salary Savings Allotment (TSSA) of \$1300 per full-time faculty member for AY27.
 - b. The AY28 and AY29 salaries are estimated based on an estimated 2.6% IPD and an estimated \$500 TSSA. The salary schedules for AY28 and AY29 will be adjusted to accurately reflect IPD rates and TSS Allotments in advance of the District issuing contracts for those years.

Section B: Salary Schedule Practices

1. **Salary Schedule Calculations:** Salary schedule calculations shall be done collaboratively by the AHE Salary Committee or designee(s) and the District's designee(s).
2. **Initial Base Salary:** The initial base salary schedule, used to start the salary schedule calculations for this Agreement, was calculated by taking the 2025-26 full salary schedule, subtracting the 2025-26 High Demand and college-funded increment, and then adding back in \$700 to each step. The Initial Base Salary shall only be used to determine the 2026-27 Base Salary Schedule for this contract.
3. **Base Salary:** The base salary schedule for each Academic Year is calculated using the previous academic year's base salary schedule and adding to each step an increase equal to the full IPD rate for that step.
4. **Cost of living adjustment rate:** The District shall use the full IPD rate for the duration of this agreement, unless legislatively mandated to use a different metric for cost of living adjustments.
5. **Full Salary:** The Full Salary Schedule for each Academic Year is calculated by taking that year's Base Salary Schedule, and adding the High Demand (HD) amount and the Turnover and Salary Savings Allotment (TSSA) for that academic year.
 - a. **High Demand amount (HD):** A temporary increase of \$4000 for the academic year shall be added to each step of the Base Salary Schedule as the High Demand amount. In the event that the Washington State Legislature discontinues STEM High-Demand funding during the dates of this contract, the High Demand amount will no longer be included in the full salary calculations for any upcoming years governed by this contract.
 - b. **Turnover and Salary Savings Allotment (TSSA):** Each academic year, the District shall calculate the total Turnover and Salary Savings expected for the upcoming academic year. To calculate the TSSA amount for redistribution, the total savings amount shall be divided by the total number of full-time faculty employed for the upcoming academic year (returning full-time faculty and completed new hires scheduled to begin summer or fall quarters). This TSSA amount shall be added to each step of the Base Salary as a temporary increase for that academic year.

- i. Should the calculated TSSA amount exceed \$2000, the Association agrees that a TSSA of \$2000 shall fulfill the District's obligation for redistributing these savings for that academic year.
 - ii. Should the TSSA fall below \$500, the District agrees to fund a minimum TSSA amount of \$500 for that academic year.
- 6. **Adding Steps to the Salary Schedule:** The difference between the highest two steps on the Base Salary schedule shall be used to determine the Base Salaries for new steps added to the Salary Schedule.
 - a. To calculate the Base Salary amount for a new step on the salary schedule:
 - i. First create the new Base Salary Schedule for the new academic year, then determine the difference between the two highest steps of the new Base Salary Schedule, and finally, add that amount to the Base Salary of the highest step to create the Base Salary for the newly added step.
 - b. For AY27, no new steps shall be added to the salary schedule.
 - c. For AY28, one new step shall be added.
 - d. For AY29, one new step shall be added.
